Orientations

Social justice

- 1.** To reinvest in public and community services in order to meet the needs of the population, and ensure universal, free and democratic access.
- 2.** To fight all forms of discrimination and ensure equal rights for all, in particular for Indigenous peoples.
- 3.** To redistribute wealth in order to fight socioeconomic inequality.

Environmental situation

- 1.** To protect natural environments, promote biodiversity, and ensure access to drinking water.
- 2.** To put in place all measures allowing to quickly reach IPCC targets.
- 3.** To closely assess our use of natural resources, with a view to reducing it as much as possible.
- 4.** To ban fossil fuels.
- 5.** To support the populations most affected by climate change.

Democracy

- 1.** To put ecological and social principles at the heart of our democratic processes.
- 2.** To closely review our political system in order to transfer decision-making and executive powers to local communities.
- 3.** To create the political, societal and cultural conditions needed to ensure democratic control over the transformation of our economic system.
